REQUEST FOR PROPOSAL

Introduction:

K'ima:w Medical Center, affiliated with the Hoopa Valley Tribe seeks to have a chemistry analyzer.

Bid Submission Date:

Responsive bids must be received by Wednesday, November 30, 2022, at 5 pm.

Scope of Project:

- Purpose of Chemistry Analyzer: replace current model, maintain, and increase volume of daily testing
- Standard available testing must include electrolytes, liver enzymes and lipids.
- Special Considerations: Analyzer must fit in a space in the laboratory roughly L78" x H55" x D36". Dry analysis technology is required as there is no water line installed for use.

Scope of Bid:

Bids should be based on "Scope of Project" above. Bids should include itemized costs of analyzer itself, necessary reagents, performance verifiers, calibration materials, and service contract.
